

## February 12 lecture

Dear students,

In our first class we will have a guest lecturer, Dr. Andras Busch, who is the chief legal counsel at Siemens Energy Hungary. He will talk about his experience as a legal counsel, about compliance, and other issues related to doing business in an international environment. The lecture will take place in the old central building of the University, which is on the riverside (Műgyetem rkp. 3), in **room "K174"**, and will start at **10.15h** (February 12, 2024).

Best regards,

Zoltan Vig
